GOLDWOVEN / BUYER WORKSHEET

Tray Range Review

Compare intended use, dimensions and construction before selecting a reference.

Project / buyer

Destination market / review date

1. Compare three references using the same units and intended use.

Review item	Reference A	Reference B	Reference C
Product URL / code			
Intended use			
Material (confirmed)			
Outer L x W x H / units			
Usable base / depth			
Handle type / clearance			
Base / rim construction			
Finish / lining			
Appearance variation			
Cleaning instructions			
Restrictions to confirm			

2. Separate display use from food contact, wet use and load-bearing use.
Obtain the applicable evidence before describing a tray as suitable for those uses.

Shortlist and unanswered questions

Illustrative buyer tool. Entries require product-specific agreement; not a test certificate.

Sample & Packaging Handover

Record agreed checks, supporting evidence and the next owner. Do not assume limits.

Sample ID / approved revision

Reviewer / supplier contact

Dimensions

Agreed measurement points, units and tolerances

Handles and joins

Agreed inspection or test method and acceptance criteria

Surface and finish

Workmanship, splinters, sharp points, loose ends, coating

Stacking / nesting

Nested quantity, separation, scuffing and removal clearance
